^a Initial math course is determined on the basis of high school math and placement test scores. A non-credit math course may be required at additional cost.

^b Students who have not had chemistry in high school should take Chem 105 first.

^c For listings of acceptable courses to meet requirements in Ethics, Humanities, Social Science, U.S. Diversity and International Perspectives, see advisor.

^d Students are urged to consult their advisor on the use of some electives to develop a minor or area of concentration.

^e 128 total credit required for graduation
